OF BROWNSVILLE, TEXAS

ESTABLISHED 1891

## Our Aim in Business

WE DESIRE to make the First National the Bank of the People. The small depositor receives the same courteous treatment and consideration that is extended to the largest, within the limits of safe and conservative banking. Officers give personal attention to all details. Directors meet regularly and frequently, and keep closely in touch with the current business. Every safeguard known to safe and successful banking is availed of, and our past success is the best criterion by which to judge the security of the future.

Capital \$100,000

Surplus, \$25,000

THE FIRST NATIONAL is pre-eminently the Bank of the Frontier. Its stockholders belong here. Its interests are those of our best and most progressive citizens. We offer to our customers, present and prospective, the advantages of the largest capital and surplus of any bank in this section, and of the safe and conservative banking methods which have resulted in the successful building up of this bank in the past twelve years.

OUR FUNDS are protected in a fire-proof vault and by the best safes to be obtained; and are further covered by insurance against burglary or daylight robbery. Our officers are under bond in the best surety companies.

People who intrust their money to a bank have a right to know its financial strength. We recognize this right and will cheerfully furnish any depositor a statement of our condition any day in the year. Absolute safety is the best thing we have to offer, and upon this basis your account is solicited.
